

Prezados candidatos,

Comunicamos que a ETS lançou uma edição temporária dos exames TOEFL iBT® e GRE® General Test - o Special Home Edition, com disponibilidade para o Brasil.

Até que possamos voltar à normalidade, candidatos poderão fazer os testes TOEFL iBT e GRE General Test em casa.

Encaminhamos, abaixo, a carta do Presidente e CEO da ETS, Walt MacDonald, comunicando sobre essa possibilidade.

Algumas informações com links sobre o Special Home Edition:

For the candidates who are already registered to take TOEFL iBT within the next weeks or upcoming month, please ask them to contact TOEFL Services so they can select the HOME TESTING Solution.

For new candidates, that is to say, those who do not have a testing date yet, they just can use the regular registration website, create their profile and select SPECIAL HOME EDITION. The cost of the exam is the same. The exam does not have any change.

Candidates whose exam was cancelled due to COVID-19 impact will be contacted by ETS to re-schedule.
